AO-85 slow scan TV image likely a prank, not a test

"I can tell you that in South America, they are having some fun, and that our analog-to-digital to analog IHU processing of the audio seems to work very well at SSTV frequencies!"

Spacing - the most important thing

"Written" Morse is almost impossible for me to decode.

Sorry, I've been on 2m FM again

It is just too easy and too convenient.

Yaesu FT1DR Review

Very nice, but as with ANY radio it has a few bugs including with the accessories. We tested it side by side with it's elder FT1D model.
